

Students for Global Democracy Uganda

Call for proposals for the enhancement of Students for Global Democracy's online platforms.

1. About SFGD

Students for Global Democracy (SFGD) is a students led not-for-profit and non-partisan organization which inspires young people, principally students to adopt to a culture of proactive leadership, good governance and sustainability, to effectively enable them participate effectively in decision-making within mainstream national and international democratic processes and sustainable development of their country together with the outside world.

Vision: A students-led organized, empowered, enlightened and vibrant young people community self-aware of their duty to serve and actively participating in accountable democratic decision making processes of their country and the outside world.

Students for Global Democracy would like to enhance and optimize its online platforms including website, blog, Facebook page, Twitter account. The consultant shall review SFGD's website [www.http://uganda.sfgd.org](http://uganda.sfgd.org) functionality and outlook and develop a proposal to make it more interactive and dynamic with links to SFGD's social media platforms.
